JOHNSON CASE MAY BE ADJUSTED

GRAND JURY INVESTIGATING

Court Not in Session Today Because
Judge Sparks Had to go to
Richmond to Hear Motion

There was no court this morning, Judge Sparks being called to Richmond to hear a motion for a change of venue in the case that he acted as special judge in there a few weeks ago. Judge Sparks expected to be back here by three o'clock this afternoon, at which time he would hear the petition for a permanent receiver for the John Ryon store at Neffs Corner.

The grand jury was again in session today and will be again tomorrow. Wednesday evening an adjournment will be taken for Thanksgiving and Prosecutor Stevens stated this morning that he was not certain that a session would be held on Friday.

The grand jury this morning took up the case of Clayton Johnson, held in jail for failure to make his report as guardian for his two children. Johnson has not made a report since 1910 and admitted to Judge Sparks that he had spent the trust, amounting to \$232. One of Johnson's bondsmen, Edward Call of Newcastle was before the grand jury for a short time. The other bondsmen is Gideon Johnson, also of Henry county. He was not present today. When Johnson was arraigned before Judge Sparks last Saturday he was removed as guardian and Thomas M. Green was appointed. Mr. Green was instructed by the court to collect the amount due from Johnson off his bondsmen.

In his charge to the grand jury the court urged that the cases against all jail prisoners be taken up at once. Johnson was before the grand jury for a long time this morning. He is rather ignorant and for this reason it was not believed likely that the grand jury would return an indictment against him. In court circles it was believed that the matter would be adjusted satisfactorily to the court through his bondsmen, and that the report would be made by the new guardian.

The grand jury finished the case which it started yesterday. A large number of witnesses were called from the northwestern part of the city and it was stated that the investigation deal with an alleged "blind tiger." Most of the witnesses were women.

LAUNDRY WAGON DRIVER IS INJURED

Wilbur Spivey Dragged Fifty Feet by
Horse When he Missed Footing
in Leap to Seat.

CLOTHING TORN TO SHREDS

Wilbur Spivey, driver for the Rushville Laundry, was painfully bruised and cut this morning when, in attempting to get on the wagon while it was in motion, missed his footing and was run over by the wagon, after being dragged for fifty feet.

The accident occurred in North Morgan street, near Seventh street. In some way his foot caught in the shaft, and he was torn loose from the wagon when his head hit a telephone pole. The horse started to run just as Spivey missed his footing and failed to heed his calls to stop. Spivey's clothing was torn to shreds and that he escaped serious injury was considered remarkable by many witnesses.

BOY GETS LIQUOR IN CONNERSVILLE

Mr. and Mrs. Newton Jenkins Will
Investigate Where Their Son
Procured Booze.

ARRESTED WITH TWO OTHERS

As the result of the arrest of Henry Jenkins, 16 years old, son of Mr. and Mrs. Newton Jenkins of this city, in Connersville last Saturday on a charge of intoxication, the authorities there and the boy's parents will co-operate in an effort to learn who gave or sold the boy the intoxicant.

It was stated in Connersville today that the boy's parents would go there tonight and that an investigation would be made. Henry Jenkins was arrested along with Thomas Gunning and his brother, John Gunning. They were arraigned Monday morning in police court and all received fines of \$1 and costs. Because of the Jenkins boy's age the investigation will result.

The Gunning's names are not contained in the city directory. It was stated that John Gunning went there to get his brother out of jail and he himself became intoxicated and ended up by being placed in jail. The Jenkins boy is still in jail.

The infant son of Mr. and Mrs. Elijah Hankins died yesterday afternoon at their home in Wets Second street. The burial took place this morning in East Hill cemetery.

IS BEST MONDAY NIGHT OF REVIVAL

Week Starts Out at Christian Church
Meeting Like This Would be
Most Fruitful Week.

ONE ADDITION TO CHURCH

Evangelist Points Out That God's
First Law Was For Individual—
Later a Family Law.

Reports from the Main Street Christian church today were that last night's meeting was the best Monday night's session of the revival, which indicates that this week will be the most fruitful of any during the revival. There was one addition. The solo work and chorus singing was very fine. The meeting tonight will begin at seven-thirty o'clock.

Evangelist J. H. O. Smith's sermon at the Main street Christian church, last night was upon the "The Law of Pardon" from Heb. 7:12. He spoke in part as follows:

"For the priesthood being changed, there is made a necessity of change also of law." Everything in the universe is placed under the law, and man is no exception. Under every dispensation moral laws have always been the same. Positive laws, or laws which rest upon God's authority alone, do change. God's first positive law was for the individual, under it Cain and Able offered sacrifice. The second was a family law. Under this the patriarchs lived. A national law was given at Sinai, when Moses received from God the law for the organization of the nation. Then we have a universal law for all nations—all people.

"Paul tells us that the Jewish law was insufficient, and for this reason was abrogated. There were at least three things that the Jewish law could not do. It could not take away sin, Heb. 10:4, Gal. 2:16. It could not give life, Gal. 3:21. It could not 'make the Comer thereunto perfect,' Heb. 10:1. Remission, life and perfection are all necessary to man's happiness and could not be attained under the Jewish law. It was therefore imperfect, and became imperfect, 'weak and unprofitable.' It was taken out of the way to give place to a new law that could bestow pardon, life and perfection upon all who would yield obedience.

"The Democratic party will never pass a law that will hamper or injure a single business. The party hasn't done it and never will. The legislation enacted by the Wilson administration is worth more than any in a half century. There never was a time in the history of the United States when there was more business being transacted. Did you ever hear of a business being closed down or a man being thrown out of employment the first ten months of the Underwood bill? No."

Congressman Adair discussed the tariff question at length. He declared the Underwood bill was not a free trade measure, but in the same breath he told the farmers that they sold their products in an open market and that the Underwood bill had been so designed as to allow them to buy in an open, competitive market.

Mr. Adair said the people had been wanting an income tax for many years, but that they had never been able to get it until the Democratic party got in power. He studiously avoided mention of the "war tax."

Speaking to the farmers, Congressman Gray said: "Our friends have been able to give you good prices on a poor crop; we have given you good prices when the crop is good, under our tariff. They say

HAS REASON TO BE PROUD OF PARTY

Rep. Adair, Chief Speaker at Demo-
cratic Meeting, Says it Was Tried

MUCH PRAISE FOR OFFICIALS

Attorney General and State Treasurer
Talk on State Finances and
New Primary Law.

Two Democratic congressmen, two state officials and a number of lesser lights failed to attract enough people to fill the court house assembly room Monday night for the Democratic meeting, but the crowd of about 200 persons apparently enjoyed frequent thrusts at the Republican party and praise of the acts of the Democratic officials in state and nation.

Congressman J. M. Adair of Portland, who represents the eighth Indiana district, evidently was the main speaker because he was reserved until the last and spoke the longest. He enumerated briefly the work of his party in congress, after giving fulsome praise to the Democratic state officials, but laid most stress on the point that the rank and file of the Republican party wanted just what the Democratic administration is giving. He contended that the Republicans were being misled and deceived by their leaders.

Other speakers were Congressman Finly Gray, State Treasurer George Bittler and Evan Stotsenberg, recently appointed attorney general.

Enumeration of the good qualities of the state officers, Congressman Adair received applause only when he mentioned the name of Tom Taggart, Democratic national committeeman. Adair made an appeal for interest in politics. If there is corruption in politics, he said, it is due to a lack of interest on the part of the citizens.

"The Democratic party," he continued, "in nation, state, county and city has been tried under the most unfavorable conditions and we have reasons to be proud. Years ago we used to go to the polls and return home defeated. We were fighting for a principle. People have come to find we are right and are voting with us. The Democratic party will live long after its adversary has been buried and has followed the way of its predecessors."

"The Democratic party will never pass a law that will hamper or injure a single business. The party hasn't done it and never will. The legislation enacted by the Wilson administration is worth more than any in a half century. There never was a time in the history of the United States when there was more business being transacted. One Delinquent.

The delinquent tax in Rush county from the fall payment of taxes amounted to \$1,088.94 on realty and \$6,500 on personal property. These figures were given out today by the treasurer's office and are made after completely checking up all the books following the close of the tax collecting season.

The amount of delinquent tax is said to have been kept down to the minimum. One township—Noble—has no delinquent tax on realty. There is one piece of property in Rushville township, outside of the city of Rushville on which there is sixty cents delinquency. Richland township also has one piece of property delinquent.

Some years ago a firm of real estate dealers sold several lots in Miamilla as town lots and they turned out to be lots in a cemetery. The lots are owned by parties in several parts of the state and as a result have become delinquent. In the city of Rushville there are twenty-three pieces of property delinquent on which is owed the county a total of \$320.60. This amount is the largest owned by any one township or corporation. Anderson township owes the next largest amount with a total of \$151.78 in delinquent tax.

The number of pieces of property and the delinquency by townships is as follows:

of Aged Parents.

HE IS ACCUSED OF THEFT

(By United Press.)
Covington, Ind., Nov. 23.—While B. F. Clifton, formerly pastor of the Methodist churches at Kingman and Salem, was on trial here today for theft, his father, John Clifton, 58, died at Flora of heart leakage. The father had been failing rapidly since the son was arrested.

Hearing of evidence in the Clifton trial continued today. Clifton is charged with stealing auto tanks. His attorneys declare it would be proved the young minister was temporarily insane.

The large crowd attending the trial was pleased today when it became known Miss Ocie Hester, Clifton's fiancee, would testify in his behalf. Clifton was arrested on the eve of the day he was to have married Miss Hester, who is the daughter of a wealthy farmer.

Mrs. Ned Downey, living east of the city underwent an operation at the Sexton sanitorium this morning for tumor.

TIME IS RIPE TO ADVERTISE NOW

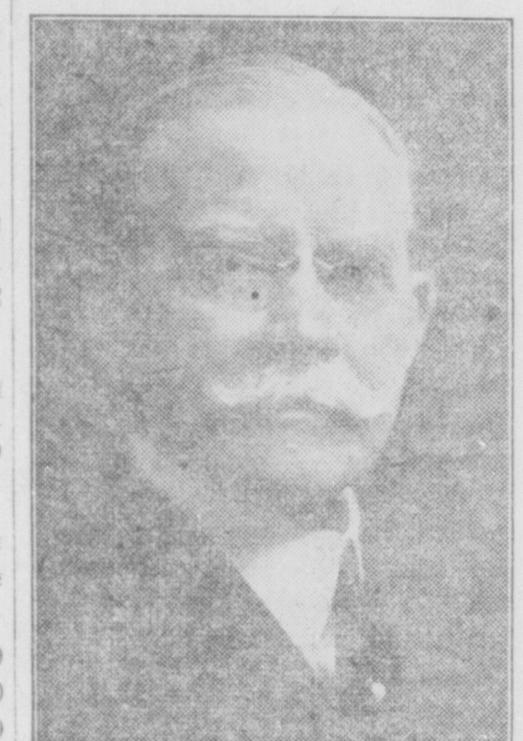

John H. Patterson, Head of National Cash Register Co., Foresees Area of Prosperity

HE BACKS UP HIS OPINION

Is Spending \$200,000 This Month Alone For Publicity—Business Boom in The Air

Dayton, O., Nov. 23.—In the convention of salesmen of the National Cash Register Company, gathered here from all parts of this continent, reports were made indicating the general improvement of business everywhere. Out of the eight hundred salesmen present, all but one said that his territory was moving fast toward a business boom.

On the basis of these reports, John H. Patterson—president and

JOHN H. PATTERSON.

general manager of the Cash Register Company, predicted that the approaching era of prosperity would probably exceed anything this country has ever known.

As a preface to his remarks, he reviewed the business depression of the previous two years. This, he said, had affected all lines—agriculture, mining, industry, commerce and finance.

"Now," he continued, "the boom is on. Agricultural interests are the first to feel it. The farmers have record-breaking crops, with a big demand. Confidence has been re-established. Various industries have picked up, one after another. Then the stores needed goods and factory wheels began to move. Then commerce and transportation reflected the change. Finally, it was manifest in the financial world. We have plenty of money and the best banking system in the world today."

"We have three big federal organizations taking care of these various interests: First, the Interstate Commerce Commission; then came the Federal Trade Commission; and, finally, the Federal Reserve Board, with its chain of reserve banks. The value of these three boards or commissions to the country cannot be estimated."

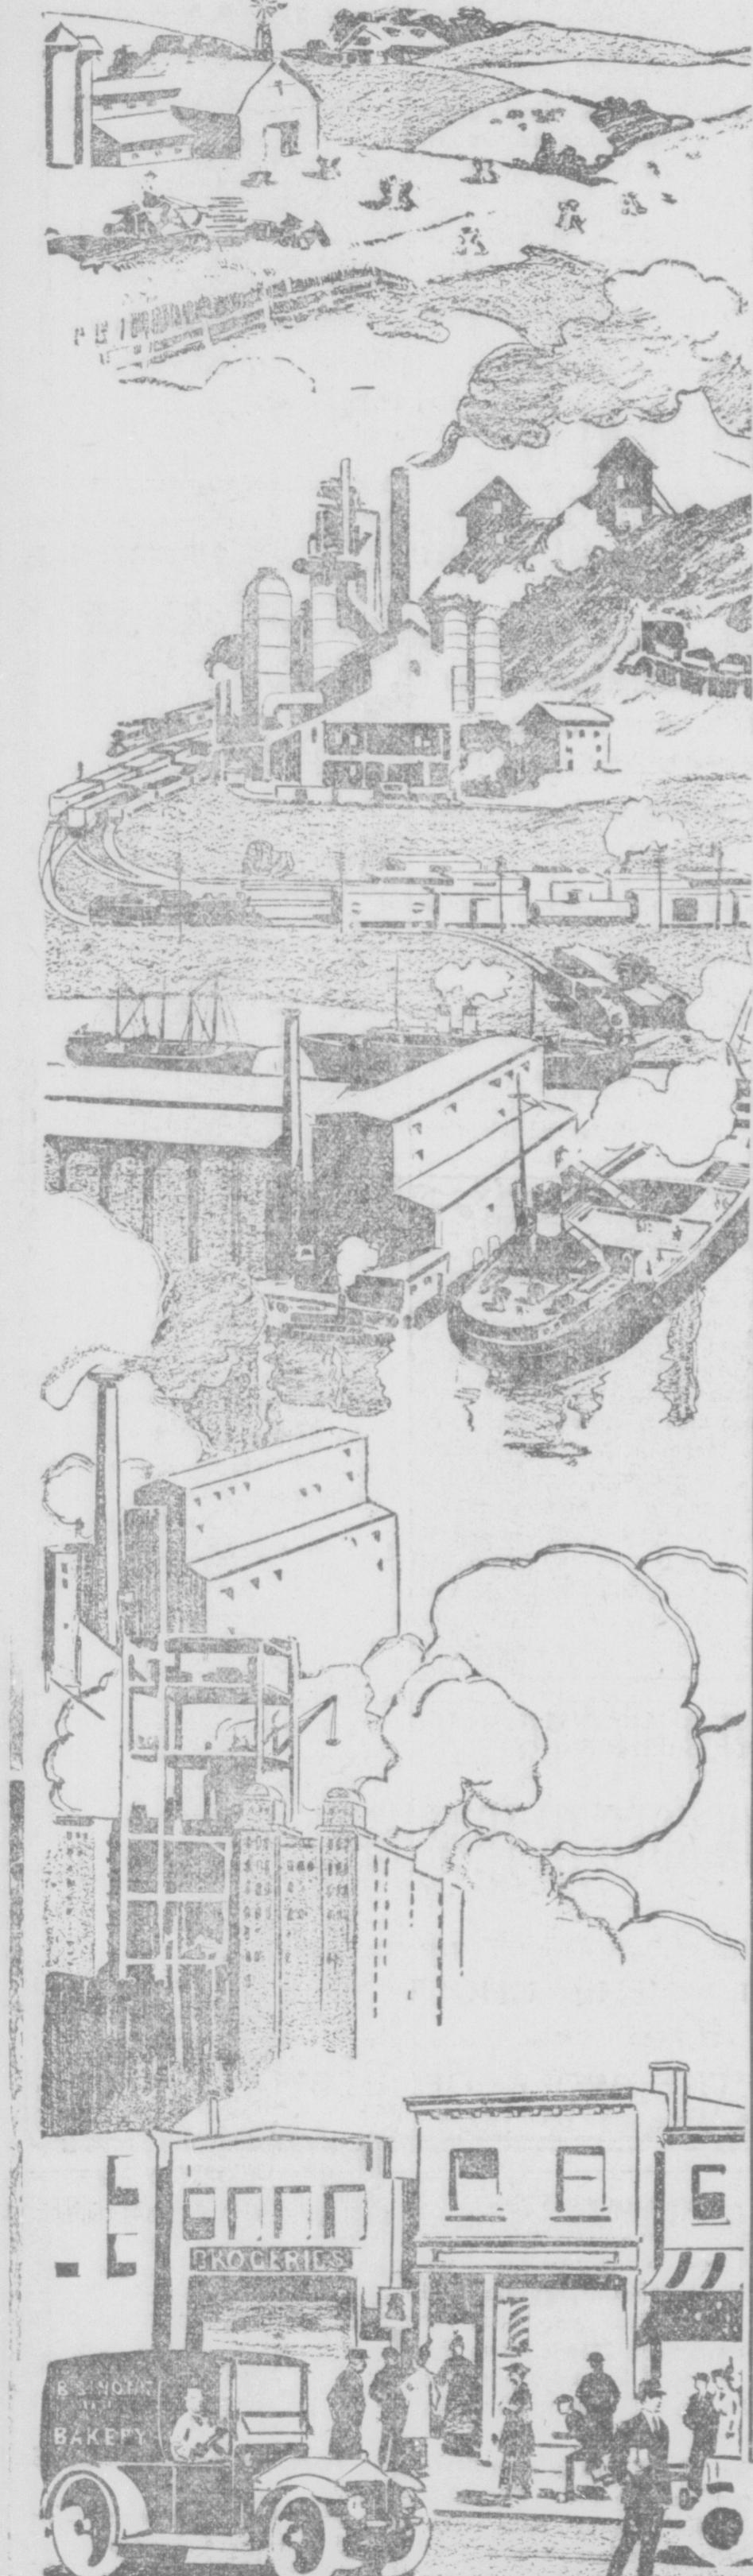

"Through the aid of the reserve banks, the various banking institutions of the country began to loan money where people could not get it before. Now, with big crops and big demands, with little foreign competition, we are at the commencement of an era of prosperity such as this country has never seen before."

"All this great prosperity cannot come in a day. It will take time. But conditions everywhere are improving. The farmers are prosperous. The mills of Pittsburgh are busier than ever before. Railroad stocks are going up. It is only a question of a short time before the wave of prosperity will be upon us."

"Now is the time for storekeepers to advertise," added Mr. Patterson. He is backing up his opinion with his money. His company is spending more than \$200,000 this month for advertising. In addition, it has spent \$50,000 to have the 800 members of its selling force attend its school at Dayton for three days, where they were taught the new and up-to-date ideas for their business."

Business is booming!

Dayton, Ohio.
Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had two record crops, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports.

Factories are busy, many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

People are living better, and spending their money more freely.

This country has the best money in the world, and more of it than ever before.

Such a combination of favorable circumstances never has occurred before, and probably will never occur again.

Billions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

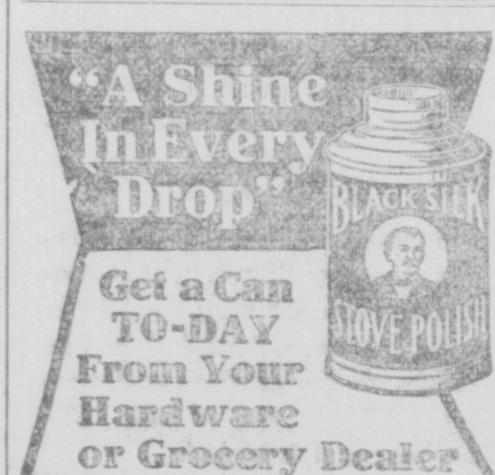

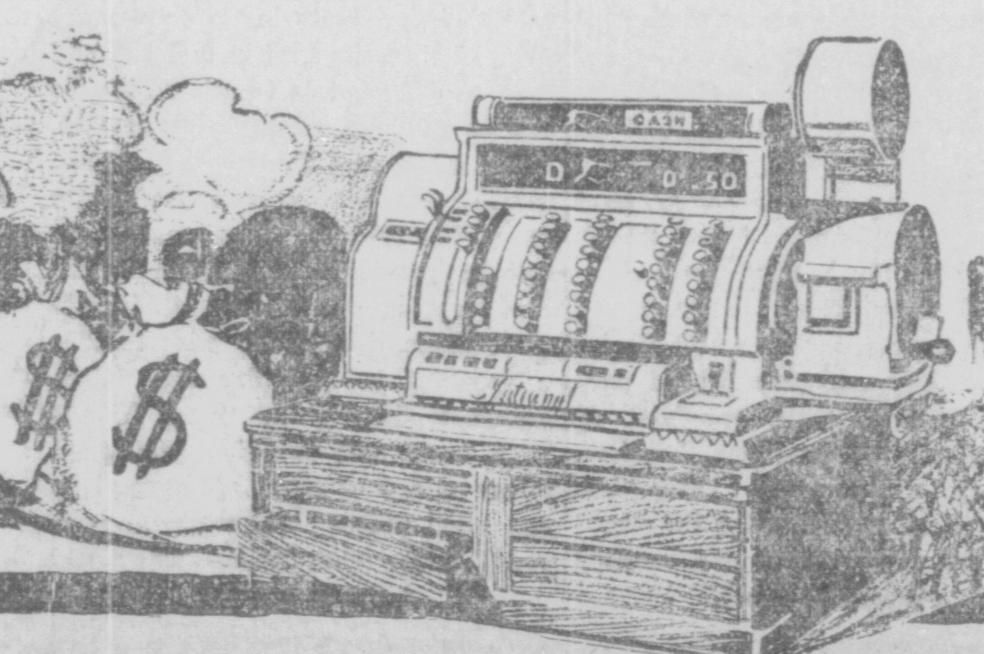

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

Over a million merchants have proved our Cash Registers to be a business necessity.

was named as the first treasurer of the organization. Permanent headquarters are to be opened at once and a membership campaign that will extend into every precinct in the county will be inaugurated at an early date.

Buy it at Home Xmas

Buy it at home this Christmas! Keep prosperity in Rushville! What better slogan could we have for a progressive community spirit?

Everybody wants to see Rushville prosper, and we all want to share in the fruits of that prosperity. Even the fellow who habitually sends out of town for his own goods wants his full quota of the riches that are accumulated through the thrift and husbandry of his fellow citizens.

Producing and selling the surplus abroad and then keeping our money at home by buying from home dealers will add many thousands of dollars to the money in circulation in this community. It is the sure way of meeting prosperity with open arms and gathering in our share and a little more for good luck. Let other communities support themselves. Our interests and our duty are at home. Let's keep prosperity in Rushville.

Speak softly to mother. Talk gently to father. Be considerate of the brother or sister. It will make a man of you, and in after life you will be kind, gentle and considerate to all people, an honor to your community, and a bright spot in the lives of your fellow beings.

A noted British peer predicts that revolution or anarchy will prevail in Europe at the close of the war. Trot 'em out. Any old change would be a blessing.

The fellow who thinks more of his clubs or a street corner than he does of his wife is on a par with the big dog that steals the little dog's bone. Alone in his class.

When a bald head talks of feminine folly it is more than likely that he is himself the folly end of the deal.

Stay on the farm—develop it—promote it—nurse it—and it will be one of the wisest acts of your life.

good prices are due to the war; there is no war in South America, where the corn was going to be shipped from.

"One of the things we have tried to do," he continued, "is to reduce the cost of things to you—put you in an open market, and also tried to give you an open market in which to buy.

"The reduction in the tariff is only the first step in the reform. We must go further and destroy the monopoly that has grown up under a protective tariff. They are still strong enough to defy a competitive tariff."

The sixth district representative referred to the financial panic of 1907 and gave the purported causes of it. He said there was a new order of things since the new currency law was passed.

In the discussion of the Mexican question, Congressman Gray expressed the belief that congress has too much power to declare war. He said congress should have power only to declare a war of defense and that the people should have a word when a war of subjugation or conquest was contemplated. He declared that the policy of the Wilson administration had been justified.

Congressman Gray said all countries were violating the neutrality of the United States and that if our country is ever forced into war, we will be compelled to enforce our rights against all nations. He asserted the Wilson administration was fully justified in its "war" policy.

Attorney General Stotsenberg devoted himself to a discussion of the new primary law and state finances. He said the section of the primary law compelling voters to swear they supported at the last election the ticket they seek to help to nominate is merely a method of making voters qualify. He said it was preposterous to think that a Democrat would allow Republicans to help name their ticket and vice versa. He declared that section was lifted bodily from the primary law passed by the Republican legislatures of 1901 and 1908. He declared if the present law is knocked out the old one will be in force, but it applies only to the larger counties.

The attorney general said twelve pledges of the Democrats in the state had been fulfilled with progressive legislation. In enumerating some of them, he recalled that the general assembly of 1913 adopted a law which prevents the "farming out" of road taxes.

"The difficulties of Governor Ralston have been enormous," he said, in eulogizing the governor. "The awful flood and the awful strike came in his term. When he assumed the office, he found the treasury depleted."

But the attorney general hastened to say that Marshall had made a good governor. The speaker said that when Ralston took office, he found enough in the general fund to

pay the ordinary expenses, but not for the expenses of the state institutions. He declared it had been the custom to take from the general fund enough to run the institutions. The attorney general recalled the governor recommended the general fund to be decreased and the institutional funds increased. Acting accordingly, he said, the general assembly reduced the general fund from nine to seven mills and the sinking fund was cut in two. He said those two funds were producing too much money for the purposes for which they were created and that it was easy enough to take the money and use it elsewhere.

Stotsenberg then pointed out that the state educational fund was increased from 2½ per cent to 7 per cent.

The speaker said the heads of the state schools were not compelled to lobby in the legislature to get the support for their schools because the schools were on a fair basis.

He declared the benevolent institution fund had been increased from five to ten per cent and put on a sound basis. He charged that heads of the benevolent institutions had lobbied for appropriations from the legislature.

"The people will be thankful," he continued, "that we had one governor who did not fear to do that which the people at first blushed did not think they wanted."

"The state has not a single debt outside of the permanent school endowment fund for universities, which can never be paid, except the debt on Vincennes university, which can not be paid until 1917 because the term of the bonds are until that time. We have the money and are hoping to pay them off before that time if a way can be found to do it."

"When a party makes that sort of showing," he said in conclusion, "it should be returned to power."

George Bittler, state treasurer, who spoke briefly, recalled that the state tax rate, 40.1 cents on the hundred dollars, was not high as compared to some other states. He laid stress on the fact that the state is supporting five more penal institutions and 2,200 more inmates than under the last Republican administration. He declared that under the last Republican administration the general fund was not only higher, but that money was taken from the sinking fund to put in the general fund, which made the general fund virtually twelve cents, counting three cents on the sinking fund. He said that since 1908 a debt of \$1,094,000 both domestic and foreign, had been paid.

until after his resurrection. It was not binding upon any between His death and resurrection and ascension, for it was not published. And a law is not in force until made public. It was not binding until the first Pentecost following the resurrection and after the Apostles commissioned, Luke 24:49.

In Acts 2 the Holy Spirit publishes the same law which Christ enacted. The multitude heard, believed repented, were baptized, received remission of sins and the Holy Spirit. We cannot cite the salvation of the thief on the cross in justification of neglect of this law. The thief was not required to obey it because he died before it was enacted. We are commanded to obey it because we live under it. We should never go back of the publication of this law, new and universal, to find the terms upon which the sinner shall be forgiven. Obedience to an agrogated law will yield no fruits but those of disappointed hopes. This law completes the message for the alien.

MAN RELATED HERE MURDERED

Robert Hester, Son-in-Law of Henry Richardson, of This City, Killed by Irate Boarder.

WHO DID NOT LIKE THE GRUB

Jesse Arter Stabs Hester at His Home in Muncie and is Held in Jail.

Mr. and Mrs. Henry Richardson, colored, went to Muncie today to attend the funeral of their son-in-law, Robert Hester, who was murdered Sunday evening by Jesse Arter, colored, 33, a boarder at the Hester home, because he did not approve of the food placed on the table for the Sunday evening meal.

Mr. and Mrs. Henry Richardson, colored, went to Muncie today to attend the funeral of their son-in-law, Robert Hester, who was murdered Sunday evening by Jesse Arter, colored, 33, a boarder at the Hester home, because he did not approve of the food placed on the table for the Sunday evening meal.

Hester was well known here having visited in this city on many occasions. He was prominent in colored circles in Muncie and was a deacon in the A. M. E. church. Hester was 52 years old. Arter entered the dining room in a vicious mood, using profane language in speaking of the food. Hester, according to witnesses, tried to calm him and Arter attacked him. Hester was badly stabbed and cut and died within ten minutes after reaching the hospital.

Local colored people were surprised to hear of the murder of Hester as he was considered very quiet and was never known to have had any trouble.

The stabbing occurred in the view of several persons whose efforts to take Arter off of Hester proved futile, according to the Muncie Press. Cries for help brought Patrolmen Jones and Rhoten to the house and it was only at the point of Rhoten's revolver that Arter submitted to arrest. Arter avers that he stabbed Hester in self-defense, believing that Hester intended drawing a revolver when he spoke to him. The police discredit the story.

Hester suffered two deep slashes across the right cheek, these exposing the jaw bone; a long, deep gash across the forehead, a deep cut laterally across the abdomen and a gash across his elbow, which nearly severed his arm. He also suffered slight cuts in the back and one on the left lower jaw. Physicians regard it a miracle that he lived as long as he did. He remained con-

scious until a few minutes before his death, which occurred after he had been placed on the operating table.

Arter had been boarding at the Hester home for several weeks and never before had uttered a disgruntled word to any member of the household. He went to the home shortly after 6 o'clock Sunday evening, thirty minutes later than his usual time. When he entered the home he seemed angered but nothing was said to him at that time.

Witnesses say he seated himself at the supper table and after glancing at the eatables uttered a loud disapproval as to the food that was offered to him.

When anyone would speak to him he would threaten, witnesses say, and oftentimes he used vulgar and profane language in addressing the other persons seated about the table.

After the people had left the table, Arter continued expressing his sentiments towards the meal offered him and Hester spoke to him in an effort to calm him.

"Jesse, I am a deacon in the church and I will not allow such language as you are using spoken in my house," Hester said to the negro. "You will either have to stop such talk or leave the house."

"To hell with you and your house," Arter exclaimed as he leaped to his feet and opened his attack upon Hester.

Hester grasped a chair in an attempt to make a defense against Arter, who wielded a knife. The men clinched and fell to the floor. Arter commenced stabbing Hester when they fell, according to witnesses, and continued to inflict knife wounds after having Hester pinned to the floor. Mrs. Hester tried in vain to take Arter off her husband and her cries for help brought neighbors and officers to the home. When Officers Jones and Rhoten entered the house Arter sprang towards them, holding his arm as if to stab one of them. The command of Officer Rhoten, made more emphatic by the pointing of his revolver, caused Arter to submit to arrest.

Arter told many conflicting stories after being taken to police headquarters, among them being his story of self-defense. He did not know of Hester's death until informed by Coroner Downing and not until then did the seriousness of the deed seem to draw upon him. He suffered slightly with a few knife wounds which had been inflicted by his own knife on his wrists.

The death of Hester has cast a gloom over the colored churches in the city. Hester has been actively engaged in church work for a number of years and was quite popular. He had served as a deacon of a church for several years.

THE MOST DISTRESSING SIGHT IN THE WORLD

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to see someone trying to get along without A GOOD STORM BUGGY. If you knew how warm one of my storm buggies would keep you, how well they are made, now nice they look, and what a general comfort they would be to the whole family, you certainly would own one before the end of the week. I have used special pains to obtain a line of storm buggies that have all the little things that make them desirable, quality and style together with a comfortably designed cushion and back, easy riding springs, fine finish and the best of material throughout, are some of the essential things found on them and you are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you the detail construction of these buggies at any time. The construction of a STORM BUGGY makes lots of difference in the draft and I will explain to you why these buggies are lighter draft than others. It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't. Now is the time to get ready for winter, SO DO IT NOW.

SAGE TEA DANDY • TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, ragged and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your looks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

COMMITS SUICIDE BY JUMPING IN RIVER

Oscar J. Zimmerman, Age 26, Leaps

From I. & C. Bridge Over Big Blue and is Drowned.

WAS VICTIM OF EPILEPSY

Oscar J. Zimmerman, 26 years old, son of Mr. and Mrs. A. F. Zimmerman of Morristown, committed suicide Sunday afternoon by jumping from the I. & C. bridge over Blue River. His body was recovered on Monday afternoon in about eight feet of water, several feet south of the bridge.

All health is said to have been the cause of the suicide. The young man had been suffering from epilepsy for several years and his condition of late had gradually grown worse.

After eating dinner Sunday he started to leave home. He handed his bank book and his check book to his mother with \$1.05 in change.

His mother asked him where he was going and he replied, "You will find out, mother."

Mr. and Mrs. Zimmerman came to this country about twenty years ago from England and lived in Morristown about six years, coming there from Indianapolis.

ATHENS MAY NOT INTERFERE

(By United Press.)

London, Nov. 23.—Greece was believed today to have yielded sufficiently to the allies demands to have obviated the necessity for forcible measure of coercion.

The conclusion was based on an official foreign office denial that Greek ships are being seized or detained by the British or that a blockade of her ports has been ordered.

If the Athens government had not at least promised to refrain from interference with the allies Balkan campaign, it is assumed both the steps would have been taken.

GRAND JURY INVESTIGATING

Court Not in Session Today Because
Judge Sparks Had to go to
Richmond to Hear Motion

There was no court this morning, Judge Sparks being called to Richmond to hear a motion for a change of venue in the case that he acted as special judge in there a few weeks ago. Judge Sparks expected to be back here by three o'clock this afternoon, at which time he would hear the petition for a permanent receiver for the John Ryon store at Neff's Corner.

The grand jury was again in session today and will be again tomorrow. Wednesday evening an adjournment will be taken for Thanksgiving and Prosecutor Stevens stated this morning that he was not certain that a session would be held on Friday.

The grand jury this morning took up the case of Clayton Johnson, held in jail for failure to make his report as guardian for his two children. Johnson has not made a report since 1910 and admitted to Judge Sparks that he had spent the trust, amounting to \$232. One of Johnson's bondsmen, Edward Call of Newcastle was before the grand jury for a short time. The other bondsmen is Gideon Johnson, also of Henry county. He was not present today. When Johnson was arraigned before Judge Sparks last Saturday he was removed as guardian and Thomas M. Green was appointed. Mr. Green was instructed by the court to collect the amount due from Johnson off his bondsmen.

In his charge to the grand jury the court urged that the cases against all jail prisoners be taken up at once. Johnson was before the grand jury for a long time this morning. He is rather ignorant and for this reason it was not believed likely that the grand jury would return an indictment against him. In court circles it was believed that the matter would be adjusted satisfactorily to the court through his bondsmen, and that the report would be made by the new guardian.

The grand jury finished the case which it started yesterday. A large number of witnesses were called from the northwestern part of the city and it was stated that the investigation deal with an alleged "blind tiger." Most of the witnesses were women.

This formal announcement was made this afternoon by Frank D. Vanderbilt, president of the National City bank; Charles A. Stone, head of the Stone and Webster engineering firm, will be president of the American International incorporation as the new company will be known.

Dr. Sexton's hospital is considered a model and the report of the committee will be based on the information received here.

LAUNDRY WAGON DRIVER IS INJURED

Wilbur Spivey Dragged Fifty Feet by Horse When he Missed Footing in Leap to Seat.

CLOTHING TORN TO SHREDS

Wilbur Spivey, driver for the Rushville Laundry, was painfully bruised and cut this morning when, in attempting to get on the wagon while it was in motion, missed his footing and was run over by the wagon, after being dragged for fifty feet.

The accident occurred in North Morgan street, near Seventh street. In some way his foot caught in the shaft, and he was torn loose from the wagon when his head hit a telephone pole. The horse started to run just as Spivey missed his footing and failed to heed his calls to stop. Spivey's clothing was torn into shreds and that he escaped serious injury was considered remarkable by many witnesses.

BOY GETS LIQUOR IN CONNERSVILLE

Mr. and Mrs. Newton Jenkins Will Investigate Where Their Son Procured Booze.

ARRESTED WITH TWO OTHERS

As the result of the arrest of Henry Jenkins, 16 years old, son of Mr. and Mrs. Newton Jenkins of this city, in Connersville last Saturday on a charge of intoxication, the authorities there and the boy's parents will co-operate in an effort to learn who gave or sold the boy the intoxicant.

It was stated in Connersville today that the boy's parents would go there tonight and that an investigation would be made. Henry Jenkins was arrested along with Thomas Gunning and his brother, John Gunning. They were arraigned Monday morning in police court and all received fines of \$1 and costs. Because of the Jenkins boy's age the investigation will result.

The Gunning's names are not contained in the city directory. It was stated that John Gunning went there to get his brother out of jail and he himself became intoxicated and ended up by being placed in jail. The Jenkins boy is still in jail.

The infant son of Mr. and Mrs. Elijah Jenkins died yesterday afternoon at their home in West Second street. The burial took place this morning in East Hill cemetery.

IS BEST MONDAY HAS REASON TO BE NIGHT OF REVIVAL PROUD OF PARTY

Week Starts Out at Christian Church
Meeting Like This Would be
Most Fruitful Week.

ONE ADDITION TO CHURCH

Evangelist Points Out That God's
First Law Was For Individual—
Later a Family Law.

Reports from the Main Street Christian church today were that last night's meeting was the best Monday night's session of the revival, which indicates that this week will be the most fruitful of any during the revival. There was one addition. The solo work and chorus singing was very fine. The meeting tonight will begin at seven-thirty o'clock.

Evangelist J. H. O. Smith's sermon at the Main street Christian church, last night was upon the "The Law of Pardon" from Heb. 7:12. He spoke in part as follows:

"For the priesthood being changed, there is made a necessity of change also of law." Everything in the universe is placed under the law, and man is no exception. Under every dispensation moral laws have always been the same. Positive laws, or laws which rest upon God's authority alone, do change. God's first positive law was for the individual, under it Cain and Able offered sacrifice. The second was a family law. Under this the patriarchs lived. A national law was given at Sinai, when Moses received from God the law for the organization of the nation. Then we have a universal law for all nations—all peoples.

"Paul tells us that the Jewish law was insufficient, and for this reason was abrogated. There were at least three things that the Jewish law could not do. It could not take away sin, Heb 10:4, Gal 2:16. It could not give life, Gal 3:21: It could not 'Make the Comer thereunto perfect,' Heb. 10:1. Remission, life and perfection are all necessary to man's happiness and could not be attained under the Jewish law. It was therefore imperfect, and became imperfect, 'weak and unprofitable.' It was taken out of the way to give place to a new law that could bestow pardon, life and perfection upon all who would yield obedience.

"The Democratic party," he continued, "in nation, state, county and city has been tried under the most unfavorable conditions and we have reasons to be proud. Years ago we used to go to the polls and return home defeated. We were fighting for a principle. People have come to find we are right and are voting with us. The Democratic party will live long after its adversary has been buried and has followed the way of its predecessors.

"The Democratic party will never pass a law that will hamper or injure a single business. The party hasn't done it and never will. The legislation enacted by the Wilson administration is worth more than any in a half century. There never was a time in the history of the United States when there was more business being transacted. Did you ever hear of a business being closed down or a man being thrown out of employment the first ten months of the Underwood bill? No."

Congressman Adair discussed the tariff question at length. He declared the Underwood bill was not a free trade measure, but in the same breath he told the farmers that they sold their products in an open market and that the Underwood bill had been so designed as to allow them to buy in an open, competitive market.

Mr. Adair said the people had been wanting an income tax for many years, but that they had never been able to get it until the Democratic party got in power. He studiously avoided mention of the "war tax."

Speaking to the farmers, Congressman Gray said: "Our friends have been able to give you good prices on poor crop, we have given you good prices when the crop is good under our tariff. They say

TOO SLOANE IS DEPORTED

Once Famous Jockey of Kokomo, Sent From London for Gambling.

(By United Press.) London, Nov. 23.—Tod Sloane, once famous jockey, was today deported from England on the charge of operating a gambling house. Sloane left London at once for Liverpool, planning to board a liner for New York. A French woman who is alleged to be his partner was deported to France.

Tod Sloane's home is in Kokomo, Indiana.

DELINQUENTS ARE VERY FEW

Unpaid Taxes in Rush County This Year Amount to \$1,088.94 on Realty and \$6,500 on Personal.

NONE IN NOBLE TOWNSHIP Rushville Township Outside City and Richland Township Have Only One Delinquent.

The delinquent tax in Rush county from the fall payment of taxes amounted to \$1,088.94 on realty and \$6,500 on personal property. These figures were given out today by the treasurer's office and are made after completely checking up all the books following the close of the tax collecting season.

The amount of delinquent tax is said to have been kept down to the minimum. One township—Noble has no delinquent tax on realty. There is one piece of property in Rushville township, outside of the city of Rushville on which there is sixty cents delinquency. Richland township also has one piece of property delinquent.

Some years ago a firm of real estate dealers sold several lots in Miamilla as town lots and they turned out to be lots in a cemetery. The lots are owned by parties in several parts of the state and as a result have become delinquent. In the city of Rushville there are twenty-three pieces of property delinquent on which is owed the county a total of \$320.60. This amount is the largest owned by any one township or corporation. Anderson township owes the next largest amount with a total of \$151.78 in delinquent tax.

The number of pieces of property and the delinquency by townships is as follows:

	Descrip.	Total
Rushville City	23	\$20.60
Carthage	6	108.86
Glenwood	2	10.30
Ripley	5	72.41
Posey	11	68.30

FATHER DIES AS SON GOES TO TRIAL

Difficulties of B. F. Clifton, Former

M. E. Minister, Cause Decline
of Aged Parents.

HE IS ACCUSED OF THEFT

(By United Press.) Covington, Ind., Nov. 23.—While B. F. Clifton, formerly pastor of the Methodist churches at Kingman and Salem, was on trial here today for theft, his father, John Clifton, 58, died at Flora of heart leakage. The father had been failing rapidly since the son was arrested.

Hearing of evidence in the Clifton trial continued today. Clifton is charged with stealing auto tanks. His attorneys declare it would be proved the young minister was temporarily insane.

The large crowd attending the trial was pleased today when it became known Miss Ocie Hester, Clifton's fiancee, would testify in his behalf. Clifton was arrested on the eve of the day he was to have married Miss Hester, who is the daughter of a wealthy farmer.

Miss Ned Downey, living east of the city, underwent an operation at the Sexton Sanitorium this morning for humor.

Fur Trimmed Shoe Tops

In summer it was fur trimmed necks.

Now it is fur trimmed skirts and fur trimmed shoe tops.

Thus fashion fits back and forth—or perhaps up and down—would be a better way of saying it.

The modern woman must read every day if she is to keep up with the procession.

And above all else she must read the advertising in her newspaper, which keeps her posted on the new styles.

It is fashion's news tersely written, in the good merchant's dining room.

Area of Prosperity

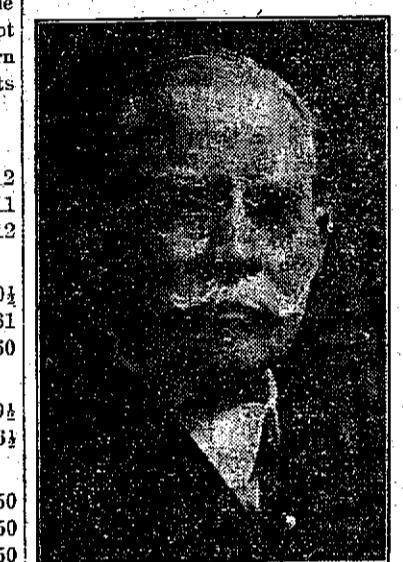

HE BACKS UP HIS OPINION

Is Spending \$200,000 This Month
Alone For Publicity—Business

Boom in The Air

Dayton, O., Nov. 23.—In the convention of salesmen of the National Cash Register Company, gathered here from all parts of this continent, reports were made indicating the general improvement of business everywhere. Out of the eight hundred salesmen present, all but one said that his territory was moving fast toward a business boom.

On the basis of these reports, John H. Patterson, president and

JOHN H. PATTERSON.

general manager of the Cash Register Company, predicted that the approaching era of prosperity would probably exceed anything this country has ever known.

As a preface to his remarks, he reviewed the business depression of the previous two years. This, he said, had affected all lines—agriculture, mining, industry, commerce and finance.

"Now," he continued, "the boom is on. Agricultural interests are the first to feel it. The farmers have record-breaking crops, with a big demand. Confidence has been re-established. Various industries have picked up, one after another. Then the stores needed goods and factory wheels began to move. Then commerce and transportation reflected the change. Finally, it was manifest in the financial world. We have plenty of money and the best banking system in the world today."

"We have three big federal organizations taking care of these various interests: First, the Interstate Commerce Commission; then came the Federal Trade Commission; and, finally, the Federal Reserve Board, with its chain of reserve banks. The value of these three boards or commissions to the country cannot be estimated."

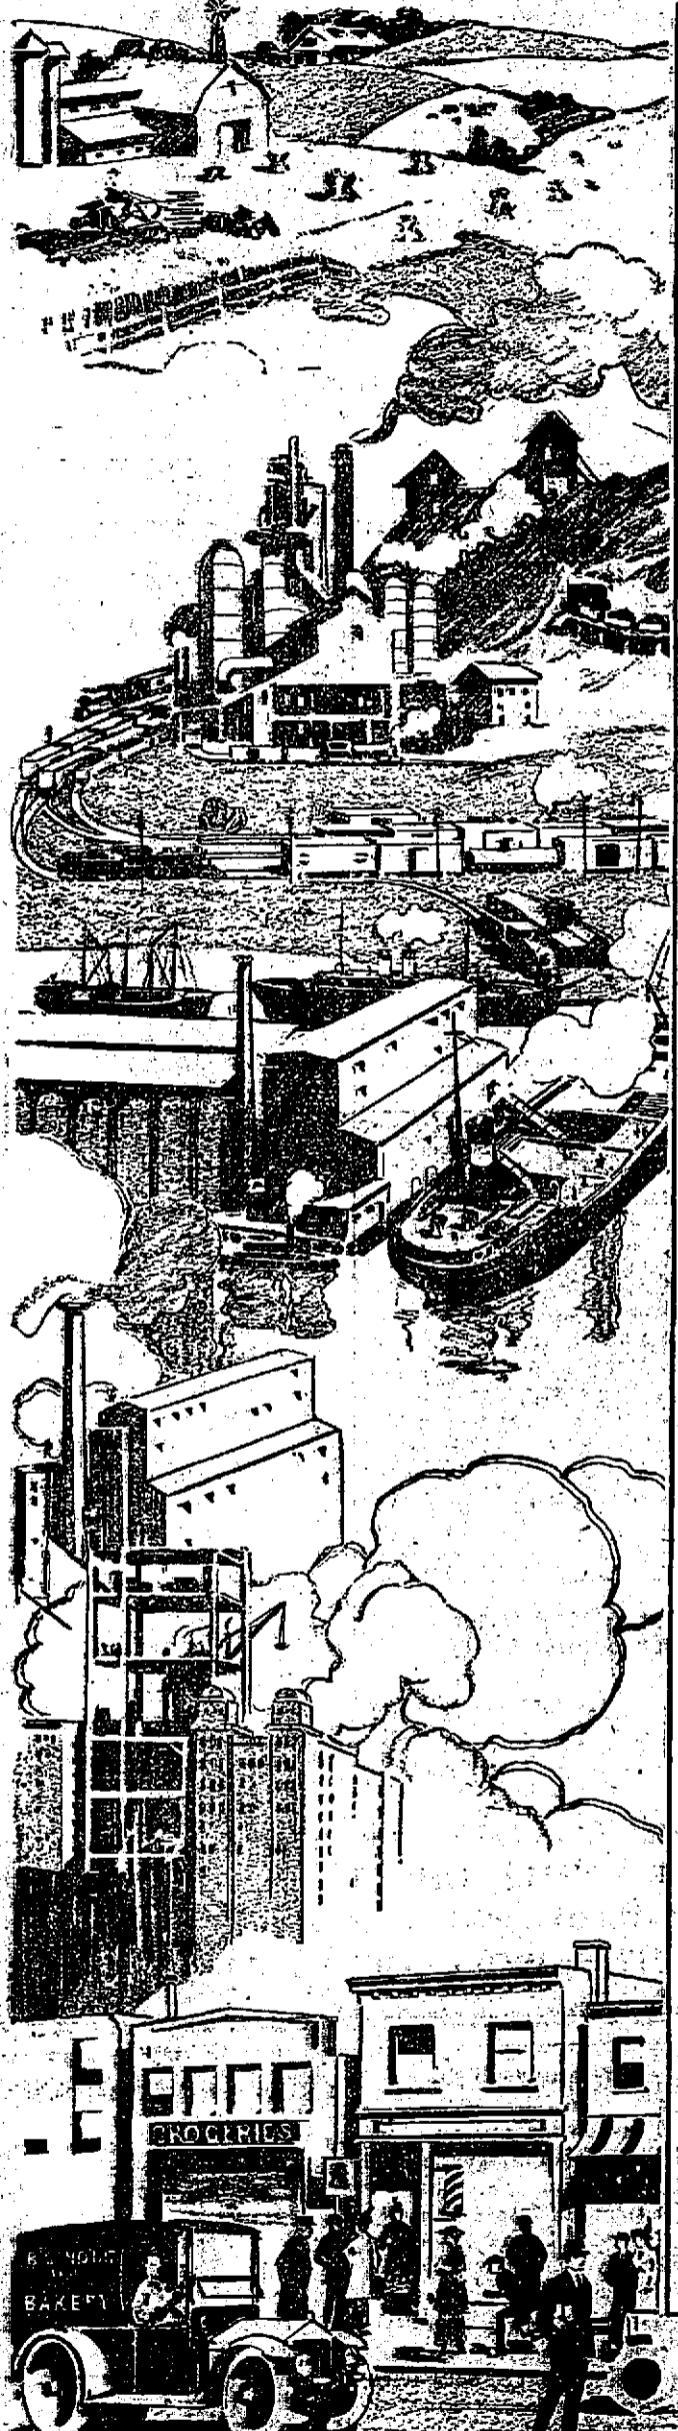

"Through the aid of the reserve banks, the various banking institutions of the country began to loan money where people could not get it before. Now, with big crops and big demands, with little foreign competition, we are at the commencement of an era of prosperity such as this country has never seen before."

"All this great prosperity cannot come in a day. It will take time. But conditions everywhere are improving. The farmers are prosperous. The mills of Pittsburgh are busier than ever before. Railroad stocks are going up. It is only a question of a short time before the wave of prosperity will be upon us."

"Now is the time for storekeepers to advertise," added Mr. Patterson. "He is backing up his opinion with his money. His company is spending more than \$200,000 this month for advertising. In addition, it has spent \$50,000 to have the 800 members of its selling force attend its school at Dayton for three days, where they were taught the new and up-to-date ideas for their business."

GERMAN ATTACHE
DIRECTLY ACCUSED

(By United Press)

New York, Nov. 23.—Captain Boy-Ed, military attache of the German embassy, was charged directly with activities in connection with the alleged Hamburg-American conspiracy to supply German commerce raiders from American ports, when Assistant District Attorney Wood outlined the government's case today.

Following the completion of the jury, which is to try the four Hamburg-American officials for conspiracy to violate United States neutrality, Wood said Boy-Ed claimed a fund of \$750,000 which had been deposited with the firm of Essen and Kullenkamp. Six hundred thousand dollars of the fund was sent to San Francisco for activities on that coast, Wood charged.

One of the government witnesses has gone to Bermuda to escape giving testimony, it was learned today. Three other government witnesses are missing.

Buy it at Home Xmas

Buy it at home this Christmas! Keep prosperity in Rushville! What better slogan could we have for a progressive community spirit?

Everybody wants to see Rushville prosper, and we all want to share in the fruits of that prosperity. Even the fellow who habitually sends out of town for his own goods wants his full quota of the riches that are accumulated through the thrift and husbandry of his fellow citizens.

Producing and selling the surplus abroad and then keeping our money at home by buying from home dealers will add many thousands of dollars to the money in circulation in this community. It is the sure way of meeting prosperity with open arms and gathering in our share and a little more for good luck. Let other communities support themselves. Our interests and our duty are at home. Let's keep prosperity in Rushville.

Speak softly to mother. Talk gently to father. Be considerate of the brother or sister. It will make a man of you, and in after life you will be kind, gentle and considerate to all people, an honor to your community, and a bright spot in the lives of your fellow beings.

HAS REASON TO BE PROUD OF PARTY

Continued from Page 1.

good prices are due to the war; there is no war in South America where the corn was going to be shipped from.

"One of the things we have tried to do," he continued, "is to reduce the cost of things to you—put you in an open market, and also tried to give you an open market in which to buy.

"The reduction in the tariff is only the first step in the reform. We must go further and destroy the monopoly that has grown up under a protective tariff. They are still strong enough to defy a competitive tariff."

The sixth district representative referred to the financial panic of 1907 and gave the purported causes of it. He said there was a new order of things since the new currency law was passed.

In the discussion of the Mexican question, Congressman Gray expressed the belief that congress has too much power to declare war. He said congress should have power only to declare a war of defense and that the people should have a word when a war of subjugation or conquest was contemplated. He declared that the policy of the Wilson administration had been justified.

Congressman Gray said all countries were violating the neutrality of the United States and that if our country is ever forced into war, we will be compelled to enforce our rights against all nations. He asserted the Wilson administration was fully justified in its "war" policy.

Attorney General Stotsenberg devoted himself to a discussion of the new primary law and state finances. He said the section of the primary law compelling voters to swear they supported at the last election the ticket they seek to help nominate is merely a method of making voters qualify. He said it was preposterous to think that a Democrat would allow Republicans to help name their ticket and vice versa. He declared that section was lifted bodily from the primary law passed by the Republican legislatures of 1901 and 1908. He declared if the present law is knocked out the old one will be in force, but it applies only to the larger counties.

The attorney general said twelve pledges of the Democrats in the state had been fulfilled with progressive legislation. In enumerating some of them, he recalled that the general assembly of 1913 adopted a law which prevents the "farming out" of road taxes.

"The difficulties of Governor Ralston have been enormous," he said, in eulogizing the governor. "The awful flood and the awful strike came in his term. When he assumed the office, he found the treasury depleted."

But the attorney general hastened to say that Marshall had made a good governor. The speaker said that when Ralston took office, he found enough in the general fund to

pay the ordinary expenses, but not for the expenses of the state institutions. He declared it had been the custom to take from the general fund enough to run the institutions. The attorney general recalled the governor recommended the general fund to be decreased and the institutional funds increased. Acting accordingly, he said, the general assembly reduced the general fund from nine to seven mills and the sinking fund was cut in two. He said those two funds were producing too much money for the purposes for which they were created and that it was easy enough to take the money and use it elsewhere.

Stotsenberg then pointed out that the state educational fund was increased from 2½ per cent to 7 per cent. The speaker said the heads of the state schools were not compelled to lobby in the legislature to get the support for their schools because the schools were on a fair basis.

He declared the benevolent institution fund had been increased from five to ten per cent and put on a sound basis. He charged that heads of the benevolent institutions had lobbied for appropriations from the legislature.

"The people will be thankful," he continued, "that we had one governor who did not fear to do that which the people at first blush did not think they wanted."

"The state has not a single debt outside of the permanent school endowment fund for universities, which can never be paid, except the debt on Vincennes university, which can not be paid until 1917 because the term of the bonds are until that time. We have the money and are hoping to pay them off before that time if a way can be found to do it."

"When a party makes that sort of showing," he said in conclusion, "it should be returned to power."

George Bittler, state treasurer, who spoke briefly, recalled that the state tax rate, 40.1 cents on the hundred dollars, was not high as compared to some other states. He laid stress on the fact that the state is supporting five more penal institutions and 2,200 more inmates than under the last Republican administration. He declared that under the last Republican administration the general fund was not only higher, but that money was taken from the sinking fund to put in the general fund, which made the general fund virtually twelve cents, counting three cents on the sinking fund. He said that since 1908 a debt of \$1,094,000 both domestic and foreign, had been paid.

Prince Albert is sold everywhere because the demand for it is enormous. So when you happen to run short just drop in the humdiest shop that sells tobacco and buy the toppy red bag for a fifteen piece, 5c; tidy red tin, 10c; handsome pound and half-pound tins; humidores; and that classy crystal-glass bound humidor with sponge-moistener too.

You be a sport and take a chance on this say-so, because you've no idea of the bully goodness of the joy's satisfaction, of the contentment and restfulness and that sort of thing, that hits every man who gets chummy with P. A.

Hammer this home for what ails your smokeappetite, because you've no time to lose getting introduced to this real and true man-tobacco that's ace-high and a yard wide no matter how you swing on it, jimmy pipe or makin's cigarette!

Clear, Peachy Skin
Awaits Anyone Who
Drinks Hot Water

Says an inside bath, before breakfast, helps us look and feel clean, sweet, fresh.

sparkling and vivacious—merry, alert—a good, clear skin and natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, "fusty breath," rheumatism, colds; and particularly those who have a pallid, yellow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

MOST of the joys of Thanksgiving are aided and abetted by the fine honored dinner, where we all give thanks. There are many folks in this town who are thankful because they investigated the courtesy, quality and service of our store—we're thankful also.

MAN RELATED HERE MURDERED

Robert Hester, Son-in-Law of Henry Richardson, of This City, Killed by Irate Boarder.

WHO DID NOT LIKE THE GRUB

Jesse Arter, Stabs Hester at His Home in Muncie and is Held in Jail.

Mr. and Mrs. Henry Richardson, colored, went to Muncie today to attend the funeral of their son-in-law, Robert Hester, who was murdered Sunday evening by Jesse Arter, colored, 33, a boarder at the Hester home, because he did not approve of the food placed on the table for the Sunday evening meal.

Hester was well known here having visited in this city on many occasions. He was prominent in colored circles in Muncie and was a deacon in the A. M. E. church. Hester was 52 years old. Arter entered the dining room in a vicious mood, using profane language in speaking of the food. Hester, according to witnesses, tried to calm him and Arter attacked him. Hester was badly stabbed and cut and died within ten minutes after reaching the hospital.

Local colored people were surprised to hear of the murder of Hester as he was considered very quiet and was never known to have had any trouble.

The stabbing occurred in the view of several persons whose efforts to take Arter off of Hester proved futile, according to the Muncie Press. Cries for help brought Patrolmen Jones and Rhoten to the house and it was only at the point of Rhoten's revolver that Arter submitted to arrest. Arter avers that he stabbed Hester in self-defense, believing that Hester intended drawing a revolver when he spoke to him. The police discredit the story.

Hester suffered two deep slashes across the right cheek, these exposing the jaw bone; a long, deep gash across the forehead, a deep cut laterally across the abdomen and a gash across his elbow, which nearly severed his arm. He also suffered slight cuts in the back and one on the left lower jaw. Physicians regard it a miracle that he lived as long as he did. He remained con-

Just Try Rheuma No Cure, No Pay

That is the Basis on Which Drugists Offer This Great Remedy For Rheumatism.

Anybody can afford to use Rheuma to get rid of terrible rheumatism, sciatic, or gout, for it is sold by Johnson's Drug Store and other druggists at only 50 cents.

It is wonderful how speedily this simple remedy takes hold and how sore muscles limber up and swollen joints come down to normal. It is the best remedy you can find to drive rheumatic poison from the system and bring back health to misery-racked bodies.

"I had rheumatism for a long while, and was not cured until I used Rheuma. My advice to those suffering from rheumatism is to use this great remedy, as I believe it will effect a cure in any case." — C. B. Lanham, Sattes, W. Va.

scious until a few minutes before his death, which occurred after he had been placed on the operating table.

Arter had been boarding at the Hester home for several weeks and never before had uttered a disgruntled word to any member of the household. He went to the home shortly after 6 o'clock Sunday evening, thirty minutes later than his usual time. When he entered the home he seemed angered but nothing was said to him at that time.

Witnesses say he seated himself at the supper table and after glancing at the eatables uttered a loud disapproval as to the food that was offered to him.

When anyone would speak to him he would threaten, witnesses say, and oftentimes he used vulgar and profane language in addressing the other persons seated about the table.

After the people had left the table, Arter continued expressing his sentiments towards the meal offered him and Hester spoke to him in an effort to calm him.

"Jesse, I am a deacon in the church and I will not allow such language as you are using spoken in my house," Hester said to the negro. "You will either have to stop such talk or leave the house."

"To hell with you and your house," Arter exclaimed as he leaped to his feet and opened his attack upon Hester.

Hester grasped a chair in an attempt to make a defense against Arter, who wielded a knife. The men clinched and fell to the floor. Arter commenced stabbing Hester when they fell, according to witnesses, and continued to inflict knife wounds after having Hester pinned to the floor. Mrs. Hester tried in vain to take Arter off her husband and her cries for help brought neighbors and officers to the home. When Officers Jones and Rhoten entered the house Arter sprang towards them, holding his arm as if to stab one of them. The command of Officer Rhoten, made more emphatic by the pointing of his revolver, caused Arter to submit to arrest.

Arter told many conflicting stories after being taken to police headquarters, among them being his story of self-defense. He did not know of Hester's death until informed by Coroner Downing and not until then did the seriousness of the deed seem to draw upon him. He suffered slightly with a few knife wounds which had been inflicted by his own knife on his wrists.

The death of Hester has cast a gloom over the colored churches in the city. Hester has been actively engaged in church work for a number of years and was quite popular. He had served as a deacon of a church for several years.

SIX DEAD; FIFTEEN MISSING

Railroad officials today said the passenger train should have side-tracked for the circus special, carrying the Con. T. Kennedy carnival troupe from Atlanta to Phenix City, Ala. Instead the heavy passenger locomotive battered its way through several of the light circus cars.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Those whose hair is turning gray, becoming faded, dry, straggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

LOCAL ATTORNEYS IN CASE

The trial of the case of Edward A. Norris against John J. Conaway and others, a suit on account, started yesterday before Judge Blair and a jury in the Shelby circuit court. The case was originally filed in the Rush circuit court and then sent to Decatur on a change of venue. Another change of venue took the case to Shelby county.

Norris demands \$691.01 of the defendants, alleging that they owe him this sum as the result of a number of deals in which he figured, the property involved being stock in a mine at Joplin, Mo. Meeks and Hack of Shelbyville and Donald L. Smith of this city represent the plaintiff while the defendants are represented by Hord and Adams of Shelbyville, John A. Titworth of this city and John Osborne of Greensburg.
